

DMEscripts is an industry-backed e-prescribing platform + a national network of suppliers.

We are focused on streamlining DMEPOS prescribing to the benefit of healthcare providers, payors, and patients.

An e-prescribing rules engine which allows intuitive workflow for a clinician – **saving time and ensuring order accuracy.**

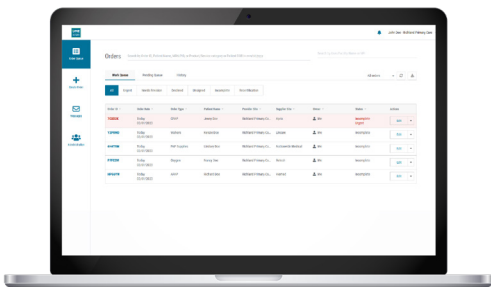

Provides real-time order tracking and supplier communication from submission to delivery.

No fee to the healthcare facility.

Over 90% of orders are accepted the first time.*
Avoid delivery delays due to time consuming faxes.

**Based on order data from DMEscripts*
